Bart's Update:

FISH CLUES

Several people are concerned about traffic headaches in the youth room because, don't get me wrong-we love the Honolulu like groups that have been filling up the Alpha Room since FISH began a few days into the new year-it's not that at all. That does mean that there's an issue or two with space, though. People sitting down without a chair, we cram in there like deli turkey on Thanksgiving Day! What, with our parent meeting Sunday, twenty seven excited parents and youth had to stand to fit in the Alpha Room! Now, with that having been said, I'll remind everyone 5 times that, Chips, in order to get them into your Chip account you must be in in-in-in-in the youth room on time. It's terribly important to keep an eye on the racing minutes that may steal your Chips !!!

Do you understand what I'm saying??
